

INFINITE FLAT LAPPING AND WET POLISHING SLURRIES AND PADS

The new range of polishing INFINITE® comes from the historical expertise of Merard workshops. Liquid abrasive INFINITE® Premium and INFINITE® Diamond complexes, developed with a unique formulation, are the result of a thoughtful and successful research.

PREMIUM INFINITE FLAT POLISHING

Liquid abrasive complex, fluid or normal version, for soft metals to medium-hard plane polishing
Available in 900 ml and 4.5 l

- IPE123 Preparation
- IPE223 Polishing
- IPE323 Fine polishing
- IPE423 Finishing
- IPEF123 Fluid version - Preparation
- IPEF223 Fluid version - Polishing
- IPEF323 Fluid version - Fine polishing
- IPEF423 Fluid version - Finishing

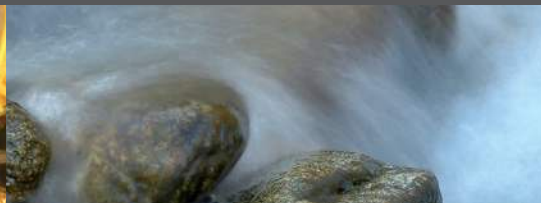

DIAMOND INFINITE FLAT POLISHING

Diamond liquid complex for hard metals plane polishing
Available in 900 ml and 4.5 l

- IDM1315 Preparation
- IDM2435 Polishing
- IDM3545 Fine polishing
- IDM4675 Finishing

A UNIQUE ABRASIVE COMBINATION FOR A ECONOMIC OPERATIONAL EXCELLENCE

- **Very economical**, 2 in 1 abrasive complex allowing to set the thickness and to have mirror polished in one step
- Excellent fluidity for **perfect lubrication**
- Neither oxidizing nor corrosive for **total protection for parts and machines**
- Perfect distribution of the suspended particles offering **high performance uniformity**
- **Comfortable to use**, natural citrus fragrance

INFINITE FLAT LAPPING AND WET POLISHING SLURRIES AND PADS

LIQUID ABRASIVES COMPLEXES

		PHASES	POLISHED SURFACES	ASSOCIATED BUFFS
IPE123/IPEF123	Available in 900 ml and 4,5 litres	Preparation	Brass / Gold / Steel	IDS21
IPE223/IPEF223		Polishing	Brass / Gold / Steel	IDS38
IPE323/IPEF323		Fine polishing	Brass / Gold / Steel	IDS38
IPE423/IPEF423		Finition	Brass / Gold / Steel	IDS69

DIAMOND LIQUID ABRASIVE COMPLEXES

		PHASES	POLISHED SURFACES	ASSOCIATED BUFFS
IDM1315	Available in 900 ml and 4,5 litres	Diamond preparation	Sapphire / Ceramics	IDS21
IDM2435		Diamond polishing	Sapphire / Ceramics	IDS38
IDM3545		Diamond fine polishing	Sapphire / Ceramics	IDS38
IDM4675		Diamond finition	Sapphire / Ceramics	IDS69

FLAT POLISHING BUFFS

		PHASES	POLISHED SURFACES
IDS16	Available in 250 mm 300 mm 400 mm and others on demand	Preparation	Metallic materials
IDS21		Fine preparation	Ceramics / Sapphire / Crystal
IDS38		Fine and very fine polishing	Cobalt chrome / Steel
IDS45		Fine and very fine finishing	Non-ferrous alloys / Steel
IDS69		Fine and very fine finishing	Chrome cobalt / Steel / Gold
